2025年は軌道星隊シゴセンジャー  
20周年!

## Asteroid Shigosenger

(17461) Shigosenger = 1990 UD<sub>1</sub>

Discovered 1990 Oct. 20 by T. Seki at Geisei.

Shigosenger is a team of original characters introduced by Akashi Municipal Planetarium to promote astronomy education for children. The Planetarium is situated on the Japan Standard Time Meridian and "Shigosen" is a Japanese term for the meridian.
